Figure 1. Schematic diagram of the experimental setup. The subject is seated in a chair and views the screen through a mirror. The screen displays the target and the starting position of the hand. The hand is moved from the starting position to the target position. The distance between the starting position and the target is the reach distance. The distance between the starting position and the mirror is the viewing distance. The distance between the mirror and the target is the target distance. The distance between the starting position and the target is the reach distance. The distance between the starting position and the mirror is the viewing distance. The distance between the mirror and the target is the target distance.
